PROJECT FACTSHEET

White Clay Creek Flood Plain Management Services New Castle County, DE

January 2008

CONGRESSIONAL DISTRICTS: Rep. Castle (DE-At large)

APPROPRIATION / PHASE:
General Investigations - FPMS

BUSINESS PROGRAM:
Flood Damage Reduction

AUTHORITY: Flood Plain Management Services

LOCATION: White Clay Creek, New Castle County, Delaware

DESCRIPTION: Investigation of multiple flooding issues pertaining to White Clay Creek, New Castle County, Delaware. Local issues, past studies, and other known problems will be investigated and prioritized with the local stakeholders. Identified problem areas will be investigated with most recent or newly acquired topographic and hydrologic/hydraulic data and will be modeled and updated accordingly. FEMA flood plain maps will be revised as necessary.
